## SUMMARY

---

As the founder of Plaza with over six years of experience in engineering and leadership, I have built a successful web development studio that specializes in web development, UI/UX design, and product management. With a proven track record of expanding teams and managing multiple high-profile clients simultaneously, I excel in leadership, project management, and delivering impactful digital solutions. My expertise spans from scaling startups, leading cross-functional teams, to raising \$3.5M in venture capital, all while driving product innovation and growth.
